CHIEF CROSSES FRONTIER.

Insurgent Seeks Asylum in British Bechuanaland From Germans.

BERLIN, Dec. 23.—The German Consul-General at Capetown announces that according to official British dispatches the Herero chief, Samuel Maherero, has crossed the frontier into British Bechuanaland and asked permission of the authorities to remain permanently. The British Magistrate in Ngamiland has received orders to prevent the Herero from entering the territory, but those entering must be immediately disarmed and prevented from returning to German Southwest Africa, and the German officials must be permitted to come into the colony and examine the cattle of the refugee Herero to determine whether they are stolen. The Magistrate has also been informed that Samuel Maherero with a limited number of followers might remain, but that they must settle at a considerable distance from the German frontier. Samuel is the principal insurgent chief.

NO TRUTH IN REPORT.

Union Pacific Having No Trouble With Lucin Cut-Off.

CHICAGO, Dec. 23.—The report that the Union Pacific Railway company was experiencing great difficulty with the Lucin cut-off of that road over Great Salt Lake, Utah, was emphatically denied here tonight by Julius Kruttschnitt, director of maintenance and operation of the Hartman line.

"There has been no serious sinking recently of the grade on the Lucin cut-off except the usual subsidence of any newly constructed line," said Mr. Kruttschnitt. "The bank at Rambo and everywhere else in Great Salt Lake is up to grade, and we are shipping away loads and outfits as fast as we can, reserving only enough in case of further sinkings. We had some ordinary settlements this week, but not enough to delay trains except on December 20, when there was a delay of forty minutes to one of our passenger trains."

POWER FOR GOLDFIELD.

Company Organized to Bring It Eighty Miles, From Bishop Creek.

DENVER, Colo., Dec. 23.—Denver and Quincy, Ill., capitalists have formed the Nevada Power company to supply power to mines and mills at Goldfield. Power will be furnished by hydro-electric transmission and will be generated by the waterfall of Bishop creek, on the eastern slope of the Sierras, eighty miles from Goldfield.

Work on the power plant will include the building of a pipe line 12,000 feet long with a fall of 100 feet to carry the water power supply.

Rodney Curtis, F. J. Campbell, C. M. Hobbs and G. S. Wood of Denver, and Colonel Edward Prince of Quincy are backing the project.

TROUBLE OVER AT COLUMBIA

Student Board Meets With Faculty.

Try to Patch Up Differences Growing From Hazing Practices.

President Butler Reads Riot Act to Offending Students, and Promises Severe Punishment.

NEW YORK, Dec. 23.—A truce has been arranged between the faculty of Columbia university and the sophomore class, which resented the suspension of four of their number for participation in the Kingdon Gould hazing affair, and which had threatened to quit the university in a body.

The student board, represented by the presidents of the various classes, both college and science, met Dean Hutton today to discuss the suspension of four sophomores. Their decision, which was announced, was that suspension will be left primarily in the hands of the student board.

The conditions under which this was arranged are:

One—The student board will prohibit hazing in obvious form.

Two—Freshmen will be under the surveillance of the sophomores.

Three—Any case of "freshness" of the under classmen will be brought to the attention of the board, and they will serve notice on the student that his actions have aroused the animosity of the sophomores, and they will fix a penalty which they must pay.

Four—There will be an under class fight and the winners will have the right to summon the officers of the defeated class to appear at their dinner.

Need Not Capture Freshmen.

This is expected to do away with the capturing of freshmen by the second-year men.

The student board of representatives was authorized to draw up a plan embodying these provisions, which is to be submitted to the students immediately after the Christmas holidays.

When the members of the sophomore class learned of the suspension of their class mates, Arethlinger, Doty, Cauchon and Finch, until February 6, 1905, the entire student body was aroused and at the preliminary mass meeting President Browne of the college senators had to caution the men present to keep cool.

President Butler held a conference with Dean Hutton of the School of Applied Science, early in the day, after which the suspensions were announced. Immediately after their conference the student body held its protesting mass meeting at Earl hall. About 500 students attended and expressed their disapproval of the action of the faculty.

A petition was drawn up and signed by the students present, many of the names being those of prominent athletes of the university. It follows:

Reinstatement Demanded.

"We, the undersigned under-graduates in the university, do respectfully petition that the sophomores who this day been suspended from the university, be reinstated."

A formal statement issued today by President Nicholas Murray Butler, announcing the suspensions dealt with by the enforcement of college discipline at Columbia. In this connection the statements said:

"The university will not permit to pass unnoticed any annoyance of an individual student or any attack upon him by a committee or group of other students whether this goes by the name of hazing or otherwise. There is no elaborate code of rules at Columbia, the violation of any one of which will subject the offender to academic discipline. Every student is treated as a gentleman, and is expected to conduct himself as a gentleman. Whenever a case has been reported which involved the persecution of any individual freshman by a group of sophomores who could be identified academic discipline has followed and will follow with increasing severity until the practice is stopped."

NEW YORK, Dec. 23.—An enormous amount will be paid out in interest and dividends at the beginning of the new year.

PLANS FOR TERMINAL.

Passenger Station for New York Central to Cover 19 City Blocks.

NEW YORK, Dec. 23.—Plans for a new railroad terminal to take the place of the present Grand Central station were submitted to a committee of the City Board of Estimate today by Ira Place, general counsel for the New York Central railroad, and George H. Daniels, general passenger agent of the same company.

An area of more than nine city blocks will be taken up by the new terminal, which will extend from Forty-second to Fifty-seventh streets and from Madison to Lexington avenues.

Scheme to Immigrate Heathen Chinese

Will Ship Them to Liverpool, Then to Canada, Entering States at Rouses Point.

WASHINGTON, Dec. 23.—Information has reached the immigration authorities of a scheme by which it is proposed to bring into this country Chinese, who in the regular order of events might be refused admission. The proposition to take the Chinese from China to Liverpool and then ticket them through to New York via Halifax or St. John and Rouses Point. The particular details of the scheme of the plan is to have the Chinese enter this country through Rouses Point, which is on the Canadian line near the border of New York and Vermont.

At Rouses Point no detention house of the immigration service is located, and the Chinese entering the country there would not be subject to the investigation of a regular board of immigration inspectors. They would be detained, however, by United States Marshals, but this proceeding would bring the cases, in due course, before United States Commissioners. Each Chinese would be provided with papers indicating that he was a resident of this country and had a right, therefore, to return to it. Such papers, the immigration officials assert, are not difficult to obtain. The same scheme was worked successfully several years ago by the Canadian border until broken up by the establishment of detention houses, where the applicants were held pending a rigid inquiry into the nature of the evidence they submitted, and this plan will be followed at Rouses Point if the project is not abandoned.

OIL MEN AT OUTS.

Suit Begun by Receiver in Bankruptcy Involving \$369,000.

CHICAGO, Dec. 23.—Suit involving over \$369,000 has been begun by Max H. Whitney, trustee in bankruptcy of the National Lined Oil company against the American Lined Oil company and the Central Trust company of New York. The action was begun in the United States District court.

Mr. Whitney charges that the American Lined Oil company failed to pay to the National Lined Oil company \$250,000 owed the latter company. He declares these are fraudulent and wants them set aside.

Schmidt also asked to order the Central Trust company to turn over \$15,000 of preferred and common stock valued at \$7,322 to the National company.

SUES FOR CERTIFICATE.

Freed Says Greenwalds Will Not Recognize Ownership of Stock.

C. M. Freed has brought suit in the District court to mandamus the Greenwald Furniture company, Carl S. Schmidt, vice-president, O. J. A. Greenwald, secretary, of the company. Judge Morse signed the mandamus, returnable January 3 in Judge Lewis' court.

The petitioner says that he bought from H. Lewis a certificate for 100 shares of the stock of the Greenwald company. The shares are said to be worth over \$750. Freed says he requested Schmidt and Lewis to issue him a new certificate in place of the one in his possession that was issued to Leipzig. The defendants refused to do so.

Maniac Committed to Provo.

William Lewis was ordered committed to the asylum at Provo yesterday by Judge Hall. Lewis is the maniac who was overpowered on Brigham street on Tuesday night by Deputy Sheriffs Andrew Smith, Billy Edwards and Joe Sharp and a hard struggle to overpower him and get him to the county jail.

Lewis was not present at the hearing. He was so violent that it was inadvisable to bring him out of the padded cell at the jail. The deputy sheriffs testified before Judge Hall that Lewis is undoubtedly insane. Assistant County Physician T. G. Odell certified him insane. Lewis was formerly a deputy sheriff in Salt Lake county. He killed A. J. Gier, a barber, in Sandy, some years ago, in an insane fit. This will make Lewis' third visit to an asylum.

Riverton Pupils Entertain.

The pupils of the Forty-fourth district school gave a very interesting entertainment at Riverton hall last night. Several hundred parents and friends were present. Several good numbers were on the program, including a drill and songs. A very encouraging address was given by County Superintendent B. W. Ashton. Heretofore the school has been the evening, entitled, "The Fairies and Pixies." This was cleverly performed, and the grotesque costumes of the Pixies in particular caused merriment. Considerable credit is due to Principal John Hansen, Mr. Pinder and Miss Snow for the success of the entertainment.

Mortgages Are Foreclosed.

Judgment for \$2,500.34 has been recovered in Judge Hall's court by the Denver Savings bank from James J. Cone, William H. McClure, Jesse W. Fox, E. R. Edgerton, Ben H. Edgerton, John Young, Elias A. Smith, John Sharp, Joseph H. Sharp, Joseph H. Sharp and Hyrum S. Young.

The foreclosed certain mortgages. These were executed to cover the indebtedness of the defendants on eight promissory notes. The mortgages were on Central Park in Salt Lake City, some property in Colorado, some land up Mill Creek and other property.

Court Notes.

Judge Hall has appointed Jane String-Samuel Stringfellow, deceased. Her bond is fixed at \$100.

Edna E. D. L. Herr has filed suit in the District court against Isaac L. Lyon. The action is brought to quiet title to certain real estate.

Suit has been filed in the District court against Eugene Chatlin and Stephen Legar by the C. A. Lemmers Bottling company. The action is brought to quiet title to certain real estate.

SAMAR NATIVES NOT CIVILIZED

Little Removed From Savagery.

Philippine Ambush of American Soldiers in Worst Part of Island.

Secretary Taft Makes Public Report Describing Condition of Affairs There.

WASHINGTON, Dec. 23.—First Lieut. George F. Abbott, who commands the Thirty-eighth company of Philippine Scouts, which was ambushed by natives at Dolores, Samar, and one Lieutenant and thirty-seven enlisted men killed, was a corporal in the Ninth United States Infantry at the fight at Tientsin, China, during the Boxer troubles.

Officers in Washington familiar with his record say that he distinguished himself in that engagement by seizing the colors when the color-bearer fell, and succeeded in holding them in the line. No advice regarding the ambush had been received at the War department.

Secretary Taft this afternoon made public a mail report just received from Gov. Wright in regard to the condition of affairs in Samar and other islands of the Philippine group.

Little Removed From Savagery.

It is, in part, as follows:

"The great bulk of the civilized Filipinos live on, or not remote from, the coast line, but there are scattered communities living in the mountains who are little removed from savagery. It frequently happens that some enterprising man among them will perpetrate all sorts of outrages upon peaceful and inoffensive inhabitants.

"This cannot be changed at once. It therefore may be inferred that for several years to come there will be eruptions from this source, and that they will make raids upon the civilized Filipinos living in the lowlands, as heretofore. The commission, so far as its finances permit, is engaged in building roads to open up these remote sections of the interior and to make them accessible.

How Trouble Begins.

"A striking instance of the tendencies of these mountaineers is furnished by recent news from the island of Samar. Two months ago several hundred of these hill men under the leadership of one of their number who styles himself Papa (Pope) Bulan and who, as is usually the case, claims to be divinely inspired, suddenly descended upon the native towns along the coast line, plundered and burned the outlying barrios and began killing men, women and children indiscriminately.

"The constabulary promptly took the field against them and they were soon broken up into small bands and are now being pursued and killed or captured.

"Captured members of the band say that the immediate cause of the outbreak was that certain of their countrymen who were prominent in the interior and who have been employed by mercantile houses as agents for the purchase of hemp had oppressed them by paying them only a nominal price for their hemp, thereafter turning it in to their principals at a much larger price.

"The constabulary has been less, perhaps, upon the people of Samar than upon the inhabitants of the other islands except Mindanao. In the case of the Moros, there is, therefore, more combustible material there than in the other islands."

MINISTER TAKAHIRA WELL.

Returns to Washington After Serious Illness in New York.

WASHINGTON, Dec. 23.—Mr. Takahira, the Japanese Minister, received a most cordial greeting at the State department today. This was the first time he has seen Secretary Hay in many weeks, and he has just recovered from a severe illness. The Secretary gave the Minister a copy of his note to the powers, and heartily congratulated him.

Mr. Takahira also called on President Roosevelt today to pay his respects and to thank him for courtesies shown him by the President during Mr. Takahira's recent illness. Mr. Takahira has recovered entirely from the operation he underwent in New York.

DEBTS OF ARMY OFFICERS.

Only Where Non-Payment Threatens Scandal Shall Military Interfere.

WASHINGTON, Dec. 23.—An opinion by the Judge Advocate-General in regard to the claims against army officers was given out at the War Department today, with the statement that the views expressed may be expected to govern the attitude of the department.

The civil courts, the opinion holds, are the proper agents to determine if any indebtedness exists, and only where the non-payment of an established obligation by an officer threatens scandal to the service does it become proper for the military authorities to consider the case.

Depew on the Spellbinder.

The campaign orator who is a good speaker is handicapped when billed with a statesman whose lofty position gives him the staid and takes the statesman usually from an hour and a half to two hours and a half to develop his ideas, and when the orator is on the stage a tired audience which will not laugh at his jokes and wants to shut up his eloquence. The worst experience the spellbinder can have is to be sent out to fill the appointments of some famous person. The local committee will treat him with ineult and inhospitality. In my younger days I suffered keenly from this experience. The drawing card in 1862, when I ran for Secretary of State, was Gov. Andrew, the War Governor of Massachusetts. Something happened to Andrew and I was sent to fill his place. My first appointment was at Depew, at a mass meeting of four counties. "Fool" again by the States committee. Gov. Andrew can't come and they have sent us this! I did not tell them that I was running at the head of the ticket and when they were so informed by Daniel S. Dickenson, who arrived later, it did not relieve their groans, nor did their enthusiasm and compliments after I had groined relieve mine.

George A. Sheridan was one of the best stumpers. He was singularly gifted in argument and illustration, and especially in anecdote. After he had been talking about ten minutes, the blind orator, Prof. West, came upon the platform. The chairman interrupted Sheridan and said: "The blind orator has come out of the sick-
